BYU Hawaii Curriculum Proposal Number [14-09]

Section 2 – Overview (Support)

Summary:

- Create MATH 107
- Create GE 100 (Piloted as LCOM 102)

These courses are part of the General Education proposal that was submitted by the Deans’ Council and was accepted by President Wheelwright in Summer 2013. They will be piloted in Fall 2014. They will become part of the new General Education requirements when the new program begins in the future.

This proposal is to document the creation of this course in PeopleSoft and in the Catalog to prepare for students to be able to register for the pilot.
Section 4 - Course Proposal (core)

Upon approval, the information presented on this course proposal sheet will become binding on the department and the university. Any material changes require a new course proposal.

Effective Date: “immediately upon approval”

College: Math and Science

Course Prefix: MATH

Course Number: 107

NEW COURSE.

Full Title: Quantitative Reasoning

Short Title (for Transcript, 30-char max): Quantitative Reasoning

Catalog Entry (50-word recommended maximum):
Practical applications of mathematics in the context of logic, finance, statistics, probability, and other areas.

Prerequisites: none

Credit Hours: 3

Frequency: F, W, S

Grading Method: A-B-C.
Section 4 - Course Proposal (core)

Upon approval, the information presented on this course proposal sheet will become binding on the department and the university. Any material changes require a new course proposal.

Effective Date: “immediately upon approval”

College: General Studies

Course Prefix: GE

Course Number: 100

NEW COURSE.

Full Title: Local Communities: Principles of Civic and Moral Engagement

Short Title (for Transcript, 30-char max): Local Communities

Catalog Entry (50-word recommended maximum):

This course is an integral part of the BYU Hawai‘i General Education program, addressing the integrity, stewardship, and service institutional learning outcomes. The course combines service learning and civic education within an engaging, interdisciplinary framework. Local Communities uses the Hawaiian concept of the ahupua‘a [land division] as a learning model to introduce students to communities, integrating academic fields as diverse as anthropology, biology, economics, history, political science, and sociology.

Prerequisites: none

Credit Hours: 3

Frequency: F, W, S

Grading Method: A-B-C.
